

## HILLINGDON CITIZENS ADVICE

### **LOCAL HELP TO CUT YOUR FUEL BILLS IN BIG ENERGY WEEK**

Big hikes in energy prices are a real worry with double the number of people looking for information on ways to spend less on heating their home on the Citizens Advice website over the last six months compared with last year.

*Now help and information will be available throughout next week in the first ever Big Energy Week (16 – 21 January) at the Botwell Green Sports and Leisure Centre / Library, from CAB volunteers and Hillingdon Council's Energy Team.*

During Big Energy Week information and advice on all aspects of saving money on fuel bills and maximising your income will be available, ranging from how to switch supplier, cut down your usage, access help with paying your bills and still stay warm.

Pick up an energy-saving light bulb and talk to our friendly team at the Big Energy Week Information Stall at the times below (and if you're thinking of switching supplier, bring information on your annual fuel usage or monthly gas and electricity costs with you).

#### ***Big Energy Week Information Stall***

**Where:** in the entrance to the Botwell Green Sports and Leisure Centre, East Avenue, Hayes. UB3 2HW

**When:** Monday 16<sup>th</sup> to Saturday 21<sup>st</sup> January 2012

**Times when CAB / Hillingdon Council's Energy Team will be at the Information Stall to discuss your energy options with you:**

10.30am – 12.30 Monday to Saturday  
2.00pm – 4.30pm Monday to Saturday

Information will also be available on a self-help basis throughout Big Energy Week when the Sports and Leisure Centre is open.
